

QUALITY POLICY

The aim of our QUALITY POLICY is to delight our Stake holders, at all times, by supply of high quality forged and machined rings.

This is achieved by:

- Establishing the standards throughout the organization.
- Conformance to the established Standards, Procedures, Processes, Practices and Methods.
- State-of-the-art technology to produce consistently defect-free products.
- Engaging People who are trained to meet Customer requirements.

SEForge will always be cost conscious organization and all its business practices will be based on quick response and timely completion of its commitment. SEForge commits to comply all Legal , Statutory and Applicable requirements.

SEForge commits to continually improve and upgrade Quality, Productivity, and Business processes.
